Candles by Daughter

Fill in the gaps

That boy, take me away, into the night	Just a young heart confusing my mind, but we're both in
Out of the hum of the street lights and into a forest	silence
I'll do whatever you say to me in the dark	Wide-eyed, both in silence
Scared I'll be torn apart by a wolf in mask of a familiar name	Wide-eyed
on a birthday card	Cause we both (7) I'll never be (8) lover
Blow out all the candles, blow out all the candles	I only bring the heat
"You're too old to be so shy," he (1) to me so I	Company under cover
(2) the night	Filling space in your sheets
Just a young heart confusing my mind, but we're both in	Well I'll never be a lover
silence	I only (9) the heat
Wide-eyed, both in silence	Company under cover
Wide-eyed, like we're in a crime scene	Filling space in your sheets, in your sheets
Well I have brittle bones it seems	So, please just blow out all the candles, blow out all the
I bite my (3) and torch my dreams	candles
Have a little voice to speak with	"You're too old to be so shy," he says to me so I stay the night
And a mind of thoughts and secrecy	It's just a young heart confusing my mind, but we're both in
Things (4) be reversed, we learn from the	silence
times we are cursed	Wide-eyed, both in silence
Things (5) be reversed, learn from the ones	Wide-eyed, like we're in a crime scene.
we fear the worst	
And learn from the ones we hate the (6) how to	
Blow out all the candles, blow out all the candles	
"You're too old to be so shy," he says to me so I stay the night
