## If I'm James Dean, You're Audrey Hepburn by Sleeping With Sirens

Stay for tonight	They say (10) love is forever
f you want to	Your forever is all (11) I need
can show you	Please stay as long as you need
What my dreams are made of,	Can't promise (12) things won't be broken
as I'm dreaming of your face	But I swear that I will never leave
've been away for a long time	Please (13) forever with me
Such a long time	The way (14) we are
And I miss you there	It's the reason I stay
can't (1) being anywhere else	As (15) as you're here with me
can't (2) (3) anywhere else	I know we'll be Ok
out here	The way (16) we are
How the hell did you (4) pick me?	It's the reason I stay
Honestly, I could sing you a song	As long as you're (17) with me
But I don't think words can express your beauty	I know I'll be Ok
t's singing to me	They say (18) love is forever
How the hell did we end up like this?	Your forever is all that I need
You bring out the beast in me	Please (19) as long as you need
fell in love from the moment we kissed	Can't promise that things won't be broken
Since then we've been history	But I swear (20) I (21) never leave
They say that love is forever	Please stay forever (22) me
Your forever is all (5) I need	(I couldn't love just anyone, I was created to love just one
Please stay as long as you need	baby)
Can't promise that (6) won't be broken	They say that love is forever
But I swear that I will never leave	Your forever is all that I need
Please stay forever (7) me	(I couldn't love just anyone, I was created to love just one girl)
t goes to show, I hope that you know that you are	Please stay as (23) as you (24)
What my dreams are made of	(I couldn't love just anyone, I was created to love just one
Can't fall asleep, can't fall asleep	baby)
lay in my bed awake, in my bed awake at night	Can't promise that things won't be broken
As I dream of you	But I swear that I will never leave
'll fall in love, you'll fall in love	(I couldn't love just anyone, I was created to love
t could mean everything, everything to me	(25) one girl)
can't imagine (8) (9) else	Please stay forever (26) me
