

Fill in the gaps

This is the end	We (10) (11) tall (we (12)
Hold your breath and count to ten	stand tall)
Feel the earth move and then	Face it all together
Hear my heart (1) again	At skyfall
For (2) is the end	[x2:]
I've drowned and (3) (4) moment	(Let the sky fall
So overdue I owe them	When it crumbles
Swept away, I'm stolen	We (13) stand tall)
Let the sky fall	Where you go I go
When it crumbles	What you see I see
We (5) stand tall	I (14) I'd never be me
Face it all together	Without the security
Let the sky fall	Of (15) loving arms
When it crumbles	Keeping me from harm
We will stand tall	Put (16) hand in my hand
Face it all together	And we'll stand
At skyfall	Let the sky (17) (let the sky fall)
That skyfall	When it crumbles (when it crumbles)
Skyfall is where we start	We will stand (18) (we will (19) tall)
A thousand miles and poles apart	Face it all together
Where (6) collide and (7) are dark	Let the sky (20) (let the sky fall)
You may (8) my number, you can take my name	When it crumbles (when it crumbles)
But you'll never have my heart	We (21) tall (we will stand tall)
Let the sky fall (let the sky fall)	Face it all together
When it crumbles (when it crumbles)	At skyfall
We will stand tall (we will stand tall)	Let the sky fall
Face it all together	We (23) stand tall
Let the sky fall (let the sky fall)	At skyfall
When it (9) (when it crumbles)
