# Close Your Eyes by Michael Buble

| Close your eyes,                                     | Because you're one of a kind.          |
|--|--|
| Let me (1) you all the (2) why                       | Yeah, here's to you,                   |
| I think (3) one of a kind.                           | The one that always pulls us (15)      |
| Here's to you,                                       | You always do (16) you gotta do, baby, |
| The one that always (4) us through,                  | Because you're one of a kind.          |
| You always do what you gotta do,                     | When your love pulls (17) on me        |
| You're one of a kind,                                | I know I'm finally free                |
| Thank God you're mine.                               | So I (18) you gratefully               |
| You're an angel dressed in armor,                    | Every single beat in my heart          |
| You're the fear in every fight,                      | Is (19) to keep.                       |
| You're my life and my safe (5)                       | Close (20) eyes,                       |
| Where the sun sets every night.                      | Let me tell you all the reasons why    |
| And if my love is blind I don't wanna see the light. | You'll (21) gonna have to cry          |
| It's (6) that  | Because (22) one of a kind.            |
| (8) you,   | Yeah, (23) to you,                     |
| Your smile (9) you away.                             | The one that always pulls us (24)      |
| Cause you're (10) of strength and mercy              | You (25) do what you gotta do, baby,   |
| And my (11) is yours to save.                        | Because you're one of a kind.          |
| I know this much (12) true,                          | You're the (26) why (27)               |
| When my (13) was dark and blue                       | breathing                              |
| I know the only wan (14) rescue me is                | With the little look my way,           |
| you.   | You're the reason (28) I'm feeling     |
| Close your eyes,                                     | It's finally safe to stay.             |
| Let me tell you all the reasons why                  |  |
| You'll never gonna have to cry                       |  |
