Storm The Sorrow by Epica

Fill in the gaps

Along the way, I find myself	Can I repent?
To be confined within me	Will you be there?
No place for any other's mind to interfere	Erase the page
To (1) the meaning of it all	For (7) alone and ailing
To overcome my limits	Intertwine the lines
And dance away from any void and empty tones	That swim beneath the dark
Just tell me why	Realize the pain we live in
Just tell me how	Demonize the need we reel in
I can survive this time	(Nooooooo)
Believe yourself and look away	In my memories I'll dig deep enough to know
From all that's right within you	Centuries of dreams unending
Leave all your worries at the door and (2) away	Another me that yielded tears
I've tried to peer (3) the core	When (8) had betrayed
But could not storm the sorrow	So, this is my life
My hollow heart has bled me dry	And it can't break me down
Left me to stray	Go, I will decide
Another time	Who can come in and heal my disease
Without a trace	Burn it in flames
Condemn me now	Kill it and maim
Send me to heaven	Why can't you see that you need to be freed?
For I'm already failing	Intertwine the lines (9) the dar
Intertwine the lines	Every bit of pain we're feeling
That swim beneath the dark	Every other solemn life
Realize the pain we live in	(Nooooooo)
Demonize the need we reel in	In the memories, you will find somehow
(Nooooooo)	There used to be a dream unending
In my memories I'll dig deep enough to know	No more need to be alone
Centuries of dreams unending	Intertwine the lines
Another me that yielded tears	That swim beneath the dark
When someone had betrayed	Realize the pain we live in
No time should ever go to waste	Demonize the need we reel in
It's not (4) complicated	(Noooooooo)
You're free to live your life at ease	In my memories I'll dig deep enough to know
No more restraints	Centuries of dreams unending
No (5) for shadows on your way	Another me that yielded tears
That try to steal your laughter	When someone had betrayed
Your (6) will drive them all away	Someone had betrayed
Be confident	
Will I refrain?	

1. grasp
