

When black and white are turned to gray

Fill in the gaps

	And thoughts invade
Be careful little eyes what you see	Choices are made
It's the second glance that ties your hands	A price will be paid
As darkness pulls the strings	When you give yourself away
Be careful (1) feet where you go	People never crumble in a day
For it's the little feet behind you	The journey from your mind to your hands
That are (2) to follow	Is shorter than you're thinking
It's a slow fade	Be careful if you think you stand
When you give yourself away	You just might be sinking
It's a (3) fade	It's a slow fade
When (4) and white are (5) to	When you give yourself away
gray	It's a slow fade
And thoughts invade, choices are made	When (9) and white are turned to gray
A price will be paid	And thoughts invade
When you give yourself away	Choices are made
People never crumble in a day	A price will be paid
It's a slow fade	When you give yourself away
It's a (6) fade	People never crumble in a day
Be careful little (7) (8) you hear	Daddies never crumble in a day
When flattering leads to compromises	Families never crumble in a day
The end is always near	(Oh) Be careful (10) eyes what you see
Be careful little lips what you say	(Oh) Be careful little eyes what you see
For empty words and promises	For the Father up above is looking down in love
Leave broken hearts astray	(Oh) Be careful little eyes what you see
It's a slow fade	
When you give yourself away	
It's a slow fade
