

Back down that road

Fill in the gaps

Somebody said every day	That's just the way that it goes	
Was going to be (1) skies	'Cause we made it this far on for better or worse	е
Only Marvin Gaye and lingerie	I wanna (15) it even if it hurts	
I (2) somebody lied	If I gotta cry	
Started discussing (3) to fighting	To get to the other side	
Then don't (4) me please	As long as you're there I'll survive	
Then it's let's stop the madness	We stay	
Just (5) lay with me	On the front lines	
And truth be told	Yeah, but we're still here	
I'm waving my flag	After the bomb drops	
Before it goes bad (yeah, yeah)	We go so hard	
'Cause we made it this far on for better or worse	We (16) control	
I (6) it even if it hurts	The fire starts	
If I gotta cry	Then we explode	
To get to the other side	When the smoke clears	
Let's go 'cause we're going to survive	We dry our tears	
We stay	Only in love and war	
On the front lines	As long as we (17) up after every fig	ght
Yeah, but we're still here	When it's over	
After the (8) drops	You know I'm coming home	
We go so hard	Right there where I belong	
We lose control	I'm taking all this over	
The fire starts	And we stay	
Then we explode	On the front lines (on the front lines)	
When the (9) clears	Yeah, but we're still here	
We dry our tears	After the bomb drops	
Only in love and war	We go so hard (we go so hard)	
Sometimes you're my general	We lose control (we lose control)	
You (10) all these plays	The fires starts (the fire starts)	
Sometimes you're my enemy	Then we explode (baby)	
And I'm (11) grenades	When the (18) clears	
We'll (12) be (13) a	and We dry our tears	
laughing	Only in love and war	
I'm laying on your chest	Only in love and war	
Don't know what I did	(Only in love and war)	
'Cause things just went left		
But (14) we go
