## Friends Will Be Friends (Live) by Queen

Another red letter day	Friends (12) be mends
So the pound has dropped	When you're (13) (14) life and
And the children are creating	all hope is lost
The other half ran away	Hold out your hands 'cos (15) will be
Taking all the cash	friends
And (1) you with the lumber	Right (16) the end
Got a pain in the chest	It's so easy now
Doctor's on strike what you need is a rest	'Cause you got friends you can trust
It's not (2) love	Friends (17) be friends
But you've got (3) you can trust	When you're in (18) of love
Friends will be friends	They give you care and attention
When you're in need of love	Friends will be friends
They (4) you care and attention	When you're through with life and all hope is lost
Friends will be friends	Hold out (19) hands
When you're through with life and all hope is lost	Friends will be friends
Hold out your (5) 'cos friends will be friends	Right till the end
Right till the end	Friends will be friends
Now it's a beautiful day	When you're in (20) of love
The postman delivered a letter from your lover	They (21) you care and attention
Only a (6) (7) away	Friends will be friends
You tried to (8) him down	When you're through with (22) and all hope is lost
But somebody stole his number	Hold out (23) hands
As a matter of fact	'Cause (24) till the end
You're (9) used to life	Friends will be friends
Without him in (10) way	Friends will be friends
It's so (11) now	Friends will be friends
'Cause you got friends you can trust	(When you're through with life and all hope is lost)
Friends will be friends	(Hold out your hands 'cos friends will be friends)
When you're in need of love	(Right (25) the end)
They give you care and attention
