Kissin U by Miranda Cosgrove

Fill in the gaps

Sparks fly, it's like electricity	'Cause when I'm kissing you my senses come alive
I might die when I forget how to breathe	Almost like the puzzle piece I've been trying to find
You get closer and there's nowhere	Falls right into place, you're all that it takes
In this world I'd rather be	My doubts fade away when I'm kissing you
Time stops like everything around me	When I'm kissing you it all starts making sense
It's frozen and nothing matters but these	And all the questions I've been asking in my head
Few moments when you open	Like are you the one?, Should I really trust?
My mind to things I've never seen	Crystal clear it becomes when I'm kissing you
'Cause when I'm kissing you my senses come alive	I've never felt nothing like this
Almost (1) the puzzle piece I've been trying to find	You're making me open up
Falls right into place, you're all that it takes	No point even trying to fight this
My doubts fade away when I'm (2) you	It (6) feels like it's love
When I'm kissing you it all starts making sense	'Cause (7) I'm kissing you my senses come
And all the questions I've been asking in my head	Almost like the puzzle piece I've been (8) to
Like are you the one?	find
Should I really trust?	Falls right into place, you're all that it takes
Crystal clear it becomes when I'm (3) you	My doubts fade away when I'm kissing you
Past loves, they never got (4) far	When I'm kissing you it all starts making sense
Walls up, made (5) I guarded my heart	And all the questions I've been asking in my head
And I promise I wouldn't do this	Like are you the one?
'Til I knew it was right for me	Should I really trust?
But no one, no guy that I met before	Crystal clear it becomes
Could make me feel so right and secure	When I'm (9) you
And have you noticed I lose my focus?	
And the world around me disappears
