## Fill in the gaps

| From the (2)                        | I remember |            |  |  |  |
|-------------------------------------|------------|------------|--|--|--|
| There was snow                      |            |            |  |  |  |
| White snow                          |            |            |  |  |  |
| Clearly I remember                  |            |            |  |  |  |
| From the windows they were watching |            |            |  |  |  |
| While we froze down below           |            |            |  |  |  |
| When the future's architectured     |            |            |  |  |  |
| By a carnival of idiots on show     |            |            |  |  |  |
| You'd better lie low                |            |            |  |  |  |
| If you love me                      |            |            |  |  |  |
| Won't you let me know?              |            |            |  |  |  |
| Was a long and dark December        |            |            |  |  |  |

| Became God                          |            |            |  |  |  |
| Priests clutched onto bibles        |            |            |  |  |  |
| Hollowed out to fit their rifles    |            |            |  |  |  |
| And the cross was held aloft        |            |            |  |  |  |
| Bury me in honor                    |            |            |  |  |  |
