## Love Remains The Same by Gavin Rossdale

A thousand times I've seen you standing	So much more to say
Gravity like a lunar landing	So much to be done
Make me want to run till I find you	Don't you trick me out
shut the (1) away from here	We shall overcome
Orift to you, you're all I hear	So all have stayed in place
Everything we know (2) to black	We should have had the sun
Half the time the world is ending	Could have (8) inside
Truth is I am (3) pretending	Instead we're over here
never thought that I	Half the time the (9) is ending
Had anymore to give	Truth is I am done pretending
Pushing me so far	Too much time, too long defending
Here I am (4) you	You and I are done pretending
Orink	I never thought that I
To all that we have lost	Had anymore to give
Mistakes we have made	Pushing me so far
Everything will change	Here I am without you
But love remains the same	Drink
Find the place (5) we escape	To all that we have lost
Take you with me for a space	Mistakes we have made
The city buzz, sounds just like a fridge	Everything will change
walk the streets through seven bars	Everything will change
had to find just (6) you are	I
The faces seems to blur, they're all the same	(Oh oh) I
Half the time the world is ending	I wish
Truth is I am done pretending	This could last forever
never thought that I	T.
Had anymore to give	(Oh oh) I
Pushing me so far	I as if
Here I am without you	We could last forever
Drink	Love remains the same
To all that we have lost	Love remains
Mistakes we (7) made	The same
Everything will change
