

I must be dreamin'

## Fill in the gaps

## What You're Proposin' by Status Quo

| (1) so nice   |    | I (8) be dreamin', dreamin', only, only dreamin     |            |
|---|----|---|------------|
| What you're proposin'                               |    | Am I just supposin'                                 |            |
| Just once or twice                                  |    | It sounds so nice                                   |            |
| And not disclosin'                                  |    | What you're proposin'                               |            |
| And not disclosin' how we're really, really feelin' |    | Just once or twice                                  |            |
| What you're proposin'                               |    | And not disclosin'                                  |            |
| Γhe (2) night                                       |    | And not disclosin' how we're really, really feelin' |            |
| As I was leavin'                                    |    | What you're proposin'                               |            |
| I looked left and right                             |    | The other night                                     |            |
| And not believin'                                   |    | As I was leavin'                                    |            |
| And not believin' (3) I'd (4)                       | be | I looked left and right                             |            |
| leavin'   |    | And not believin'                                   |            |
| What you're proposin'                               |    | And not believin' that I'd finally be leavin'       |            |
| Now get it right                                    |    | What you're proposin'                               |            |
| If I'm composin'                                    |    | And not believin' that I'd (9)                      | be leavin' |
| But then I might                                    |    | What you're proposin'                               |            |
| Be runny nosin'                                     |    | What you're proposin'                               |            |
| I might be runny, runny, runny nosin'               |    | What you're proposin'                               |            |
| But you're supposin'                                |    | What you're proposin'                               |            |
| Don't be so sure                                    |    | What you're proposin'                               |            |
| And just supposin'                                  |    | What you're proposin'                               |            |
| We (5) for more                                     |    | What you're proposin'                               |            |
| And compromisin'                                    |    | What you're proposin'                               |            |
| And compromisin' (6) to really, really feelin'      |    | What you're proposin'                               |            |
| And (7) supposin'                                   |    | What you're proposin'                               |            |
| Don't get me wrong                                  |    |   |            |
| I'm only dreamin'                                   |    |   |            |
| It can't be long                                    |    |   |            |
