| Will you love me or leave me                   | Friday  |
|--|---|
| I'm here, (1) me                               | Saturday  |
| Don't say it's over, over                      | Sunday  |
| I need some meaning                            | I wanna know you're gonna stay for the weekends   |
| Expressed with feeling                         | Thursday  |
| It's not over, over, over                      | Friday  |
| The way you look at me                         | Saturday  |
| Speaks of intimacy                             | Sunday  |
| And it's not over, over, over                  | Stay with me for the weekend                      |
| Come on  | Take that trip down memory lane                   |
| Why not  | Where you're never gonna feel the same            |
| Thursday, then Friday                          | Where you're never gonna take the blame           |
| It's soon gonna be the weekend                 | Change your name, now you out the game            |
| Let's start it                                 | So you head outside                               |
| Tonight, babe                                  | Feel the rain                                     |
| Stay with me for the weekends                  | Something in your brain can't break the chain     |
| It's Thursday night                            | Same mistake again, fake the pain again           |
| Let's get it right                             | Day to day you prowl, (wakey wakey) now           |
| I (2) know you're gonna (3) f                  | or the Holy cow you're in doubt                   |
| weekend  | You left and now you feel down                    |
| Starting tonight                               | Your heart lies back in that town                 |
| Let's do it right                              | So creep back in, don't make a sound              |
| I wanna know you're gonna stay for the weekend | Or lose your crown again, sleep around again      |
| Thursday                                       | Tell your friends that you're proud               |
| Friday   | Or ask yourself what you (6) want from life       |
| Saturday                                       | Don't follow that crowd                           |
| Sunday   | I never tried to make you walk into the deep end  |
| Stay with me for the weekends                  | And now I find myself awake (7) all the weekend   |
| It (4) be now                                  | I (8) tried to cause that Sunday morning creep-in |
| Could be tomorrow                              | I want to stay but I must row that boat home      |
| But it's not over, over, over                  | It's Thursday night                               |
| I'm lost in a dream                            | Let's get it right                                |
| About you and me                               | I wanna know you're gonna stay for the weekend    |
| That it's not over, over                       | Thursday  |
| And when I wake                                | Friday  |
| I'll call it fate                              | Saturday  |
| And it's not over, over, over                  | Sunday  |
| Come on  | I (9) know you're gonna stay for the weekend      |
| Why not  | Thursday  |
| It's (5) night                                 | Friday  |
| Let's get it right                             | Saturday  |
| I wanna know you're gonna stay for the weekend | Sunday  |
| Starting tonight                               | Stay with me for the weekends                     |
| Let's do it right                              |   |
