

## Fill in the gaps

I've never seen a diamond in the flesh	We don't care
I cut my teeth on (1) rings in the movies	We're driving Cadillacs in our dreams
And I'm not proud of my address	But everybody's like cristal, maybach
In the torn up town	Diamonds on your ten piece
No post code envy	Jet planes, islands, tigers on a gold leash
But every song's like gold teeth, grey goose	We don't care
Trippin' in the bathroom	We aren't caught up in your love affair
Blood stains, ball gowns, trashin' the hotel room	And we'll never be royals (royals)
We don't care	It doesn't run in our blood
We're driving Cadillacs in our dreams	That kind of love just ain't for us
But everybody's like cristal, maybach	We crave a different kind of buzz
Diamonds on your ten piece	Let me be your ruler (ruler)
Jet planes, islands, tigers on a gold leash	You can call me Queen B
We don't care	And baby I'll rule I'll rule I'll rule I'll rule
We aren't (2) up in your love affair	Let me live that fantasy
And we'll never be (3) (royals)	(Oh oh oh)
It doesn't run in our blood	We're (8) than we ever dreamed
That kind of love just ain't for us	And I'm in love with being queen
We crave a different kind of buzz	(Oh oh oh)
Let me be your (4) (ruler)	Life is game without a care
You can (5) me Queen B	We aren't caught up in (9) love affair
And baby I'll rule, I'll rule, I'll rule, I'll rule	And we'll never be royals (royals)
Let me live that fantasy	It doesn't run in our blood
My friends and I we've cracked the code	That kind of love just ain't for us
We count our dollars on the train	We crave a different kind of buzz
To the party	Let me be your ruler (ruler)
And everyone who knows us knows	You can call me Queen B
That we're (6) with this	And baby I'll rule, I'll rule, I'll rule, I'll rule
We didn't come from money	Let me live that fantasy
But every song's like gold teeth, grey goose	
Trippin' in the bathroom	
Blood stains, ball gowns, trashin' the (7) room
