## Fill in the gaps

## You Don't Have To Say You Love Me by Dusty Springfield

| When I said                     | A memory                          |
|---------------------------------|-----------------------------------|
| I needed you                    | Life seems dead                   |
| You said                        | And so unreal                     |
| You (1) stay                    | All that's left                   |
| It wasn't me                    | Is loneliness                     |
| Who changed, but you            | There's nothing                   |
| And now you've (3) away         | Left to feel                      |
| Don't you see                   | You don't (14) to say you love me |
| That now you've gone            | Just be (15) at hand              |
| And I'm left here on my own     | You don't (16) to (17) forever    |
| That I have to follow you       | I will understand                 |
| And beg you                     | Believe me                        |
| To (4) home                     | Believe me                        |
| You don't (5) to say you (6) me | You don't have to say you (18) me |
| Just be (7) at hand             | Just be close at hand             |
| You don't (8) to (9) forever    | You don't (19) to (20) forever    |
| I will understand               | I will understand                 |
| Believe me                      | Believe me                        |
| Believe me                      | Believe me                        |
| I can't (10) but love you       | Believe me                        |
| But (11) me                     |                                   |
| I'll never tie you down         |                                   |
| Left (12) just                  |                                   |
