

# Fill in the gaps

# Fallen Kingdom (Parody) by Capitan Sparklez & TryHardNinja

I used to (1) the world	I tried all (15) I (16) to stay and fight
Chunks (2) (3) when I gave the word	As the undead roamed the street
Now every night I go (4) away	Families broken at my feet
Hide (5) the (6) I used to slay	Life itself suspended by a thread
They (7) were terrified	(Oh) why is it that I wasn't dead
Every time I (8) into their eyes	I gaze off into the (17) skyline
Villagers would cheer my way	Noteblock (18) playing in the sunshine
For a (9) I was, that's what they'd say	Turn 'round pick up my sword and wield
One minute we had it all	The blade (19) once forced evil (20) to
Next our world (10) to fall	yield
Away from all that it had (11) become	If this (21) should make me slain
They all cried for my help, but I stood there numb	I know Herobrine (22) call my name
I gaze off into the boundless skyline	Better to take a stand
Noteblock (12) playing in the sunshine	And (23) was when I ruled the land
Turn 'round pick up my sword and wield	I gaze off into the boundless skyline
The blade that once forced evil mobs to yield	Noteblock choirs (24) in the sunshine
And hope one day that this chaos and	Turn 'round pick up my sword and wield
Destruction (13) for the better	The blade that once forced evil (25) to yield
Never a bow in hand	If (26) battle should make me slain
And that was when I (14) the land	I know (27) will call my name
There was the creepers and skeletons	Better to take a stand
Blew down the doors and boxed us in	And that was when I ruled the land
Arrows whizzing by like streaks of light
