

Fill in the gaps

Lately I've been seeing things	But you don't (6) it now
Belly button piercings	Now it's getting dark and the sky (7) sticky
In the sky at night	More like black treacle than tar
When we're (1) by side	Black treacle
And I don't mean to rain	Somebody told the stars
On anybody's cabriolet	You're not coming out tonight
One of those games you're (2) to lose	And so they found a place to hide
But you want to play it just in case	And now I'm out of place
Now it's (3) dark and the sky looks sticky	And I'm not (8) any wiser
More like black treacle than tar	I feel like the sundance kid
Black treacle	Behind a synthesizer
Somebody told the stars	And I (9) night to pack away a
You're not coming out tonight	laugh
And so they found a place to hide	Like a key under the mat
Does it help you stay up late?	But it never seems to be there
Does it (4) you concentrate?	When you want it
Does it tune you in when you chew your chin?	Black treacle
Am I ruining your fun?	Black treacle
And you talk the talk alright	Black treacle
But do you walk the walk or catch the train?	
You (5) it, you got it
