My Guardian Angel by Place Vendome

've got the (1) feeling	Could everything be a dream?	
That I am (2) really alone	Guarding my heart, protecting my soul	
can (3) her eyes (4) me	There is a (10) angel here	
Nherever I go, she will always know	She is (11) (12) me	е
Suddenly I'm awake	Healing my wound, guiding me home	
There is no one (5) all is empty here	There is a (13) angel here	
Maybe it's a mistake	She is (14) me alive	
Could everything be a dream?	My (15) angel	
Guarding my heart, protecting my soul	Suddenly I'm awake	
There is a guardian angel here	There is no one here all is empty here	
She is (6) over me	Maybe it's a mistake	
Healing my wound, (7) me home	Could everything be a dream?	
There is a guardian angel here	Guarding my heart, protecting my soul	
She is keeping me alive	There is a (16) angel here	
My guardian angel	She is watching over me	
'm looking in the mirror	Healing my wound, guiding me home	
can (8) see a stranger's face	There is a guardian angel here	
Who am I turning into?	She is keeping me alive	
Save me now, (9) it is too late	My guardian angel	
Suddenly I'm awake		
There is no one here all is empty here
