

Fill in the gaps

I (1) to start a revolution	Feel the fire within
A type of personal solution	I (6) see you strut, strut, strut
We all have got our own pollution	C'mon walk for me
It's all (2) the execution	Strut, strut, strut
You got something to say, (3) hands are tied	How you wanna be?
Open your mouth, open it wide	Everybody's looking for some love
Let the freedom begin	But they don't know
Get on the floor, just let it drop	How to let it all (7) out?
Don't it feel good, don't it feel hot	And that's why they're solo, solo, solo
Feel the fire within	Don't want to be solo, solo, solo
I wanna see you strut, strut, strut	Don't want to be solo
C'mon walk for me	I'll be your mirror
Strut, strut, strut	Darling, let your hair down
How you wanna be?	Show me what you're working with
Everybody's looking for some love	And let me see you strut (strut, strut)
But they don't know	(Strut, strut)
How to let it all hang out?	How you wanna be?
And that's why they're solo, solo, solo	Everybody's looking for some love
Don't wanna be solo, solo, solo	But (8) don't know
Don't wanna be solo	How to let it all hang out?
We're a complicated nation	And (9) why they're solo, solo, solo
And now we're in a situation	I don't want to be solo, solo, solo
Let's take a make-believe vacation	Don't want to be solo
And get yourself (4) validation	Strut for me and show me what (10)
You got something to say, your hands are tied	working with
Open your mouth, open it wide	Strut for me and show me what you're working with
Let the freedom begin	
Get on the floor, just let it drop	
Don't it feel good, don't it (5) hot
