I want to start a revolution	Feel the fire within
A type of (1) solution	I wanna see you strut, strut, strut
We all have got our own pollution	C'mon walk for me
It's all about the execution	Strut, strut, strut
You got something to say, (2) (3) are	How you wanna be?
tied	Everybody's (14) for some love
Open your mouth, open it wide	But they don't know
Let the freedom begin	How to let it all (15) out?
Get on the floor, just let it drop	And that's why they're solo, solo, solo
Don't it feel good, don't it feel hot	Don't want to be solo, solo, solo
Feel the fire within	Don't want to be solo
I wanna see you strut, strut, strut	I'll be your mirror
C'mon walk for me	Darling, let your (16) down
Strut, strut, strut	Show me what you're working with
How you (4) be?	And let me see you strut (strut, strut)
Everybody's looking for some love	(Strut, strut)
But (5) don't know	How you (17) be?
How to let it all hang out?	Everybody's (18) for (19) love
And that's why they're solo, solo, solo	But (20) don't know
Don't wanna be solo, solo, solo	How to let it all hang out?
Don't wanna be solo	And that's why they're solo, solo, solo
We're a complicated nation	I don't want to be solo, solo, solo
And now (6) in a situation	Don't want to be solo
Let's (7) a make-believe vacation	Strut for me and show me what (21)
And get (8) (9) validation	working with
You got (10) to say, (11)	Strut for me and show me what (22)
