Golden Parachutes (Acoustic) by Hawthorne Heights

When the cold and the dark collide		In a world that's upside down	
There'll be nothing left for us to hide		This (5) all come back around	
As we (1) for the (2)	side	And you'll be on your own	
We will be fighting another war inside		You'll be all alone	
As the white flags begin to fly		When (6) all comes back around	nd
Still fight until we hey		Die for the golden parachutes	
Die for the golden parachutes		It isn't your life that's left to lose	
It isn't your life that's left to lose		Die for the golden parachutes	
Because you gave it all away		Hey	
What else can I say		Die for the golden parachutes	
When the cities have turned to dust		It isn't (7) life that's left to lose	
There'll be nothing left for us to trust		Because you (8) it all away	
As we search through the ash and rust		What else can I say	
We will be fighting another war in disgust		In a world that's upside down	
As the white flags begin to fly		Where (9) you when I hit the g	round?
Still (3) until we hey		In a world that's upside down	
Die for the golden parachutes		This will all come back around	
It isn't your life that's left to lose		And you'll be on your own	
Because you gave it all away		You'll be all alone	
What else can I say		When this all comes back around
