

Fill in the gaps

The perfect words never crossed my mind	The only (11) and the only joy
'Cause there was nothing in there but you	Is the (12) of forgiveness in
I felt every ounce of me screaming out	your eyes
But the (1) was (2)	There you are (14) in
(3) in me	front of me
All I wanted just (4) right past me	There you are standing right in front of me
While I was rooted (5) to the earth	All this fear (16) away to leave me naked
I could be stuck here for a thousand years	Hold me close
Without your arms to drag me out	'Cause I (17) you to guide me to safety
There you are (6) right in	There you are standing (18) in (19)
(7) of me	of me
There you are standing (8) in front of me	There you are standing (20) in front of me
All this fear falls away to leave me naked	All this fear falls (21) to leave me naked
Hold me close	Hold me close
'Cause I need you to (9) me to safety	'Cause I need you to (22) me to safety
No, I wont wait forever	No, I (23) wait forever
No, I (10) wait forever	No, I (24) wait forever
In the confusion and the aftermath	No, I wont wait forever
You are my signal fire
