Fill in the gaps

Right Place Right Time by Olly Murs

We got our eyes wide open	Hoping we can make this a long night
Feeling like we are (1) there	This is why we came, yeah
Words unspoken	I can (6) it in my veins
Disappearing in the air	So (7) is what it feels like
All I see is you and I	Right place, the right time
You're the only lifeline	With you
That I (2) tonight	Right place, the right time
I'm letting go	With you
So this is what it feels like	Right place, the right time
Be in the right place, the right time	Right (8) and now feels like forever
I'm bringing of a delight	Never touch the ground
Hoping we can make (3) a long night	When we are together
This is why we came, yeah	Right here and now feels like forever
I can (4) it in my veins	Forever, forever, forever
So this is what it feels like	So this is what it feels like
Right place, the right time	Be in the right place, the right time
Loud explosions	I'm hanging of a delight
Only you and I can hear	Hoping we can make this a long night
Doors fly open	Right place, the right time
You're the (5) for all my fears	Right place, the right time
All I see is you and I	Right here and now (9) like forever
You're the only lifeline	(Never touch the ground)
That I need tonight	(When we are together)
I'm letting go	Right here and now feels like forever
So this is what it feels like	Right place, the right time
Be in the right place, the right time	
I'm bringing of a delight
