I thought the candle was (1) go out	The pinnacles of my invisible empire
The wind was (2) and the door was open	And if I do all the things I do
But the candle never went out	Well, I tell myself that I'm staying true
Never went out	Know I'll never stop
The wave found its way to the shore	You know I'll never stop
I thought it was a ripple and nothing more	You know (7) never think about it
But the wave found its way all the way	Put an end to all this time
To the shore	That I would (8) with it on my mind
(Oh oh) I wanna burn this house	You know it never stopped
I know, I wanna jump into the fire	You know it never stopped
(Oh oh) I've got to tear them down	You know I always wondered about it
The pinnacles of my invisible empire	I wondered about the wonder
I know the (3) never works twice	(Oh oh no oh oh) I wear a rusting crown
All the distractions of the table	I (9) this dynasty is falling
And the weighted dice	The crowd shouts for another round
But the thrill of it feels so nice	I see the ruin
You'd do it all again	The spectacular
But I look to the (4) and lose	Diamonds buried
I'm standing on the platform	Icebergs, the minarets
With my neck in the noose	And the marketplaces
And I know it's not my time	The signal fires of my invisible empire
It's not my time	
(Oh oh) I wanna (5) this house	
I know, I wanna jump into the fire	
(Oh oh) I've got to tear (6) down
