

What you give will always carry you Who's to say we won't survive it too

Fill in the gaps

Fight the fight alone	On broken wings I'm falling
When the world is full of victims	And it won't be long
Dims a (1) light in our souls	The skin on me is burning
Leave the peace alone	By the (8) of the sun
How we all are slowly changing	On (9) knees I'm bleeding
Dims a fading light in our souls	And it won't be long
In my opinion seeing is to know	I've got to find that meaning
The (2) we hold are always (3)	And I'll (10) for so long
to go	Set a-free all
And who's to say we won't end up alone	Relying on their will
On broken wings I'm falling	To make me all that I am
And it won't be long	And all that I'll be
The skin on me is burning	Set a-free all
By the fires of the sun	Will fall between the cracks
On skinned knees I'm bleeding	With memories of all that I am
And it won't be long	And all that I'll be
I've got to (4) (5) meaning	On broken wings I'm falling
And I'll search for so long	And it won't be long
Cry ourselves to sleep	The skin on me is burning
We will sleep alone forever	By the fires of the sun
Will you lay me down	On skinned knees I'm bleeding
In the same (6) with all I love	And it won't be long
Mend the broken homes	I've got to find that meaning
Care for them they are our brothers	And I'll search for so long
Save the fading (7) in our souls
