

## Fill in the gaps

You look into my eyes	I need you baby	
And I get emotional inside	I still believe that we can be together	
I know it's (1) but	No, no, no	
You still can touch my heart	If we believe that true (5) never has to end	
And after all this time	Then we must (6) that we (7) lo	ove
You'd think (2) I	again	
Wouldn't feel the same	I still believe	
But time melts into nothing	Someday you and me	
And nothing's changed	Will find ourselves in love again	
I still believe	(Oh, baby, yeah, yeah)	
Someday you and me	I had a dream	
Will find ourselves in love again	You and me	
I had a dream	Will find ourselves in love again	
Someday you and me	(I still believe)	
Will (3) ourselves in love again	(Ooh) baby, I do	
Each day of my life	(Someday you and me)	
I'm filled with all the joy I could find	Just give me one more try	
You know that I	In love again	
I'm not the desperate type	(I had a dream)	
If there's one spark of hope	I miss your love	
Left in my grasp	(Someday you and me)	
I'll be holding it with (4) hands	Will (8) ourselves in love again	
It's worth the risk of burning	(I still believe, (9) you and me)	
To have a second chance	Will find ourselves in love again	
No, no, no, no, no
