

Fill in the gaps

You (1) into my eyes		I (14) you baby	
And I get (2) inside		I still believe (15) we can be together	
I (3) it's crazy but		No, no, no	
You (4) can touch my heart		If we believe that true love never has to end	
And (5) all (6) time		Then we (16) (17) (18)	we
You'd think that I		will love again	
Wouldn't (7) the same		I (19) believe	
But time (8) into nothing		Someday you and me	
And nothing's changed		Will (20) ourselves in love again	
I still believe		(Oh, baby, yeah, yeah)	
Someday you and me		I had a dream	
Will find ourselves in love again		You and me	
I had a dream		Will find ourselves in (21) again	
Someday you and me		(I still believe)	
Will find ourselves in (9) again		(Ooh) baby, I do	
Each day of my life		(Someday you and me)	
I'm filled (10) all the joy I (11) find		Just give me one more try	
You know that I		In love again	
I'm not the desperate type		(I had a dream)	
If there's one spark of hope		I miss (22) love	
Left in my grasp		(Someday you and me)	
I'll be (12)	it with both hands	Will find (23) in love again	
It's worth the (13)	of burning	(I still believe, someday you and me)	
To have a second chance		Will find ourselves in love again	
No, no, no, no, no
