

Fill in the gaps

One day	And your great, great granddaughter
When I came home	Is doing fine
At lunchtime	Doing fine
I heard a funny noise	I took a (3) to the year 3000
Whet out	This song had gone multi platinum
To the backyard	Everybody bought our seventh album
To find out	It had outsold (4) Clarkson
If it was one of those rowdy boys	I took a trip to the (5) 3000
Stood there	This song had (6) multi platinum
With my neighbor	Everybody bought our seventh album
Called Peter	He told me he built a time machine
And a flux capacitor	Like the one in the film I've seen
He told me he built a time machine	Yeah
Like the one in the film I've seen	I've been to the year three thousand
Yeah	Not much has changed but they (7) under water
He said	And your great, great granddaughter
I've been to the year three thousand	Is doing fine
Not much has changed but they (1) under water	Doing fine
And your great, great granddaughter	
Is doing fine	He said
Doing fine	I've (8) to the year three thousand
He took me	Not much has changed but they lived under water
To the future	And your great, great granddaughter
In the flux thing	Is doing fine (is doing fine, is doing fine)
And I saw everything	He said
Boybands	I've (9) to the year three thousand
And another one	Not much has changed but they lived under water
And another one	And your great, great granddaughter
And another one	Is doing fine
Girls there	Doing fine
With round hair	He said
Like star wars	I've been to the year three thousand
Float above the floor	Not much has changed but they lived under water
We drove around in a time machine	And your great great granddaughter
Like the one in the film I've seen	Is doing fine
Yeah	Doing fine
(Oh)	(Ha)
He said	
I've been to the year (2) thousand	
Not much has changed but they lived under water
