

It's the one

Fill in the gaps

Some say love	Who won't be taken
It is a river	Who (3) (4) to give
That drowns	And the soul
The tender reed	Afraid of dying
Some say love	That never
It is a razor	Learns to live
That leaves	When the night
Your soul to bleed	Has been too lonely
Some say love	And the road
It is a hunger	Has been too long
An (1) (2) need	And you think
I say love	That love is only
It is a flower	For the lucky
And you	And the strong
Its only seed	Just remember
It's the heart	In the winter
Afraid of breaking	Far beneath
That never	The (5) snow
Learns to dance	Lies the seed
It's the dream	That (6) the sun's love
Afraid of waking	In the spring
That never	Becomes the rose
Takes the chance
