## Saved The World Today by Eurythmics

| Monday (1) you like a bomb                      | And everybody's (8) now                           |
|---|---|
| It's (2) (3) ticking there too long             | The good thing's (9) to stay                      |
| You're bleeding                                 | Please let it stay                                |
| Some days there's nothing left to learn         | Let it stay                                       |
| From the point of no return                     | Let it stay                                       |
| You're leaving                                  | (Doo doo doo doo) The good thing                  |
| Hey, hey, I saved the world today               | Hey, hey, I saved the world today                 |
| Everybody's happy now, the bad thing's (4) away | And everybody's happy now                         |
| And everybody's (5) now                         | The bad thing's gone away                         |
| The good thing's here to stay                   | And everybody's happy now                         |
| Please let it stay                              | The good thing's here to stay                     |
| There's a (6) mouths to feed                    | Please let it stay                                |
| But I've got                                    | Hey, hey, I (10) the world today (everybody's     |
| Everything I need                               | happy now)  |
| I'm breathing                                   | And everybody's happy now                         |
| And there's a hurting thing inside              | The bad thing's gone away (everybody's happy now) |
| But I've got everything to hide                 | And everybody's happy now                         |
| I'm grieving                                    | The good thing's here to stay                     |
| Hey, hey, I saved the world today               | Please let it                                     |
| And everybody's (7) now                         | (Uuh) Let it                                      |
| The bad thing's gone away                       |   |
