Thunder Road by Bruce Springsteen

The screen door slams			Heaven's waiting on down the tracks
Mary's dress sways			Oh-oh come take my hand
Like a vision she dances across the porch			Riding out tonight to case the promised land
As the radio plays			Oh-oh thunder road, oh (6) road oh thunder
Roy orbison singing for the lonely			road
Hey that's me and i (1) you only			Lying out there like a killer in the sun
Don't turn me home again			Hey i know it's (7) we can make it if we run
I just can't face myself alone again			Oh thunder road, sit tight take hold
Don't run back inside			Thunder road
Darling you know just what i'm (2) for			Well i got this guitar
So you're scared and you're thinking			And i (8) how to make it talk
That (3) we ain't that young anymore			And my car's out back
Show a little faith, there's magic in the night			If you're ready to take that long walk
You ain't a beauty, but hey you're alright			From your front porch to my front seat
Oh and that's alright with me			The door's open but the ride it ain't free
You can hide `neath your covers			And i know you're lonely
And study your pain			For words that i ain't spoken
Make crosses from your lovers			But tonight we'll be free
Throw roses in the rain			All the promises'll be broken
Waste your summer praying in vain			There were ghosts in the eyes
For a (4)	to rise from (5)	streets	Of all the boys you sent away
Well now i'm no hero			They haunt this dusty beach road
That's understood			In the skeleton frames of burned out chevrolets
All the redemption i can offer, girl			They scream (9) name at (10) in the
Is beneath this dirty hood			street
With a chance to make it good somehow			Your graduation gown lies in rags at their feet
Hey what else can we do now?			And in the lonely cool before dawn
Except roll down the window			You hear their engines roaring on
And let the wind blow			But when you get to the porch they're gone
Back your hair			On the wind, so mary climb in
Well the night's busting open			It's a town full of losers
These two lanes will take us anywhere			And i'm pulling out of here to win.
We got one last chance to make it real
