Thunder Road by Bruce Springsteen

The screen door slams	Heaven's waiting on down the tracks
Mary's (1) sways	Oh-oh (18) take my hand
Like a vision she (2) across the porch	Riding out tonight to case the (19) la
As the radio plays	Oh-oh thunder road, oh thunder road oh thunder road
Roy orbison singing for the lonely	Lying out (20) like a killer in the sun
Hey that's me and i (3) you only	Hey i (21) it's late we can make it if we run
Don't turn me home again	Oh thunder road, sit tight take hold
I (4) can't face myself alone again	Thunder road
Don't run (5) inside	Well i got this guitar
Darling you know just (6) i'm here for	And i learned how to make it talk
So you're scared and you're thinking	And my car's out back
That maybe we ain't that (7) anymore	If you're ready to take that long walk
Show a little faith, there's (8) in the night	From your (22) porch to my front seat
You ain't a beauty, but hey you're alright	The door's open but the (23) it ain't free
Oh and that's alright with me	And i know you're lonely
You can hide `neath your covers	For words that i ain't spoken
And study your pain	But tonight we'll be free
Make crosses (9) your lovers	All the promises'll be broken
Throw roses in the rain	There were ghosts in the eyes
Waste (10) summer praying in vain	Of all the boys you sent away
For a savior to rise from these streets	They (24) this dusty (25) road
Well now i'm no hero	In the skeleton frames of burned out chevrolets
That's understood	They scream your name at night in the street
All the redemption i can offer, girl	Your graduation gown (26) in rags at their feet
Is beneath (11) (12) hood	And in the lonely cool before dawn
With a (13) to make it good somehow	You hear (27) engines roaring on
Hey what else can we do now?	But when you get to the porch they're gone
Except roll (14) the window	On the wind, so mary climb in
And let the wind blow	It's a town full of losers
Back your hair	And i'm pulling out of here to win.
Well the night's (15) open	
These two lanes will take us anywhere	
We got one (16) chance to make it real	
To trade in these wings on (17) wheels	
Climb in back
