

Fill in the gaps

11th Dimension by Julian Casablancas

I'll just nod, I've never been so good at shaking hands	While it hears you, (7) in another dimension
I live on the (1) surface of a fireball	Drop your guard, you don't have to be smart all of the time
Where cities come together	I've got a mind full of blanks
To hate each other in the name of sport	I need to go somewhere new fast
America, nothing is ever just anything	And don't be shy, (oh) no, at least deliberately
I looked up to you	Cause no one really cares or wonders why anymore (oh)
But you thought I would (2) the other way	I got music, coming out of my hands and feet and kisses (oh)
And you hear (3) you want to hear	That is how it once was done
And they take what they (4) to take	All the (8) on the run
Don't be sad, won't ever happen like this anymore	Forgive them, even if they are not sorry
So when's it coming	All the vultures, bootleggers at the door waiting
This (5) new great movement that I can join?	We're so quick to (9) out our own flaws in others
It won't end here	Complicated mammals on the wings of robots
Your faith has got to be greater than your fear	If you believe in this world then no one has (10) ir
Forgive them, even if they are not sorry	vain
All the vultures, bootleggers at the door waiting	But don't you dare get to the top and not know what to do
You are looking for (6) own voice but in others

- 2. look
- 3. what
- 4. want
- 5. last
- 6. your
- 7. trapped
- 8. dreamers
- 9. point
