## 11th Dimension by Julian Casablancas

'll (1) nod, I've never been so good at shaking	While it hears you, trapped in (6) dimension
nands	Drop your guard, you don't have to be smart all of the time
live on the frozen surface of a fireball	I've got a mind (7) of blanks
Where cities come together	I need to go somewhere new fast
To (2) each other in the name of sport	And don't be shy, (oh) no, at least deliberately
America, nothing is ever (3) anything	Cause no one really cares or wonders why anymore (oh)
looked up to you	I got music, coming out of my hands and feet and kisses (oh)
But you thought I would look the other way	That is how it once was done
And you hear (4) you want to hear	All the (8) on the run
And they take what they want to take	Forgive them, even if they are not sorry
Don't be sad, won't ever happen (5) this anymore	All the vultures, bootleggers at the (9) waiting
So when's it coming	We're so quick to point out our own flaws in others
This last new great movement that I can join?	Complicated (10) on the wings of robots
t won't end here	If you believe in this world then no one has died in vain
Your faith has got to be greater than your fear	But don't you dare get to the top and not know what to do
Forgive them, even if they are not sorry	
All the vultures, bootleggers at the door waiting
