It started with a low light	'Cause it wasn't televised
Next thing I knew (1) ripped me (2) my	But it was a turning point
bed	Oh what a lonely night
And then they took my (3) type	The star maker says it ain't so bad
They left a strange impression in my head	The dream maker's (17) make you mad
You know that I was hoping	The spaceman says everybody look down
That I could leave (4) star-crossed world behind	It's all in your mind
But when (5) cut me open	The star maker says it ain't so bad
I guess I (6) my mind	The dream maker's gonna make you mad
And you (7) I might	The spaceman says everybody look down
Have just flown too far (8) the floor this time	Its all in (18) mind
'Cause they (9) me by my name	My (19) position systems are vocally
And the zipping white light beams	addressed
Disregarding bombs and satellites	They say the Nile used to run (20) east to west
That was the turning point	They say the Nile used to run from east to west
That was one lonely night	I'm fine
The star maker says it ain't so bad	But I (21) those voices at night
The dream maker's gonna (10) you mad	Sometimes
The spaceman says (11) look down	The star maker says it ain't so bad
Its all in your mind	The dream maker's gonna (22) you mad
Well now I'm back at (12) and	The spaceman says everybody look down
I'm looking forward to this life I live	Its all in (23) mind
You know it's (13) haunt me	The star (24) (25) It ain't so bad
So hesitation to this life I give	The dream maker's (26) make you mad
You think you might (14) over	The spaceman says everybody (27) down
You (15) between the devil and the deep	It's all in (28) mind
(16) sea	It's all in my mind
You better look it over	It's all in my mind
Before you make that leap	
And you know I'm fine but I hear those voices at night	
Sometimes they justify my claim	
And the public don't dwell on my transmission
