Spaceman by The Killers

It started with a low light
Next thing I knew they ripped me from my bed
And (1)_____ they took my blood type
They left a strange impression in my head
You know that I was hoping
That I could leave this star-crossed world behind
But when they cut me open
I guess I changed my mind
And you know I might
Have just flown too far from the floor this time
'Cause they (2)_____ me by my name
And the zipping (3)_____ light beams
Disregarding bombs and satellites
That was the turning point
That was one lonely night
The star maker says it ain't so bad
The dream maker's gonna make you mad
The spaceman says everybody look down
Its all in your mind
Well now I'm back at home and
I'm looking forward to this life I live
You know it's (4)_____ haunt me
So hesitation to this life I give
You think you might (5)_____ over
You caught between the devil and the deep blue sea
You better look it over
Before you make that leap
And you know I'm fine but I hear those voices at night
Sometimes... they justify my claim
And the public don't dwell on my transmission

'Cause it wasn't televised...
But it was a turning point
Oh what a lonely night
The star maker says it ain't so bad
The dream maker's gonna make you mad
The (6)_____ says everybody look down
It's all in your mind

The dream maker's gonna make you mad
The spaceman says everybody look down
Its all in (7)_____ mind

They say the Nile used to run from east to west

I'm fine
But I hear those voices at night
Sometimes...
The star (9)_____ says it ain't so bad

Its all in your mind
