### How Come, How Long by Babyface & Stevie Wonder

| There was a girl I used to know           | How come, how long                      |
|---|---|
| She was (oh) so beautiful                 | It's not right, it's so wrong           |
| But she's not here anymore                | Do we let it just go on                 |
| She had a (1) degree                      | Turn our backs and carry on             |
| Smart as anyone could be                  | Wake up, for it's too late              |
| Had so much to live for                   | Right now, we can't wait                |
| But she fell in love                      | She won't have a second try             |
| Nith the wrong kinda man                  | Open up (15) hearts                     |
| He abused her love and treated her so bad | As well as (16) eyes                    |
| There was not (2) education in her world  | I on (17) met that guy                  |
| That could save (3) of this little girl   | It's (18) a feeling (19) inside         |
| How come, how long                        | Something about him wasn't right        |
| t's not right, it's so wrong              | The way he proves himself a man         |
| Do we let it just go on                   | By beatin' his woman with his hands     |
| Turn our backs and (4) on                 | (Oh) I wish she'd seen the light        |
| Wake up, for it's too late                | How can someone like that               |
| Right now, we can't wait                  | Call himself a man (He's not a man)     |
| She won't have a second try               | In reality he's far (20) less than that |
| Open up your hearts                       | And we cannot ignore                    |
| As well as (5) eyes                       | Whenever we see the signs               |
| She tried to give a cry for help          | 'Cause any kinda of abuse               |
| She (6) blamed (7) on herself             | God knows it's a crime                  |
| But no one (8) to her aid                 | How come, how long                      |
| Nothing was wrong as far as we (9) tell   | It's not right, it's so wrong           |
| That's what we'd like to (10) our self    | Do we let it just go on                 |
| But no, it wasn't that way                | Turn our (21) and carry on              |
| So she fell in love                       | Wake up, for it's too late              |
| With the wrong (11) man                   | Right now, we can't wait                |
| And she paid with her life                | She won't (22) a second try             |
| For loving (12) man                       | Open up (23) hearts                     |
| So we cannot ignore                       | As well as your eyes                    |
| We must (13) for the signs                |   |
| And maybe (14) time                       |   |
