When we (2)	young		Our (18)	_ (19)	still stray to the horizor
In a world of magnets and miracles			The dog is road, we've been so many times		
Our thou	ights (3)		The grass was green	ner	
(4)	and	without boundary	The light was brighte	r	
The ringing of the division bell had begun			With (20) surrounded		
Along the (5) Road and on down the Causeway			The nights of wonder		
Do they still meet (6) by the Cut			With friends surrounded		
There was a ragged band that followed our footsteps			The dawn mist growing		
Running (7) time took our (8)			The water flowing		
away			The (21)	river	
Leaving the (9) small creatures			Forever and ever		
Trying to tie us to the ground			The (22)	_ was greener	
To a (10) consumed by slow decay			The light was brighter		
The grass was greener			The taste was sweeter		
The light was brighter			The nights of wonder		
With friends surrounded			With friends surrounded		
The nights of wonder			The dawn (23)	growing	
Looking beyond the embers of bridges glowing			The water flowing		
(11)	us		The endless river		
To a glimps	e of how (12)	it was on the	Forever and ever		
(13)	side				
Steps taken (14) but sleepwalking back					
again					
Dragged by fo	orce of some inner t	ide			
At a higher (	5)	with flag unfurled			
We reached to	he dizzy (16)	of that dreamed			
	(17)	by desire and ambition
