

**Fill in the gaps**

## Sleeping In The Fire by Wasp

Touch, (1)\_\_\_\_\_ in the flame's desires

Feeling the pain's denial,

And your fingers in the fire

Look, look in the candle light

See in the flame of life

And my (2)\_\_\_\_\_ is our lie

[Chorus:]

Taste the love

The Lucifer's magic (3)\_\_\_\_\_ makes you numb

The (4)\_\_\_\_\_ and all the (5)\_\_\_\_\_ are one

You're sleeping in the fire

Taste the love

The Lucifer's magic (6)\_\_\_\_\_ makes you numb

You feel what it does and you're drunk on love

You're sleeping in the fire

I gaze at the flame and fire burn

And cry out the name of which I yearn

[Chorus]

Taste the love

The Lucifer's magic (7)\_\_\_\_\_ makes you numb

The passion and all the pain are one

You're sleeping in the fire
