

Fill in the gaps

Touch, (1) in the flame's desires
Feeling the pain's denial,
And (2) fingers in the fire
Look, look in the (3) light
See in the flame of life
And my spell is our lie
[Chorus:]
Taste the love
The Lucifer's magic (4) makes you numb
The (5) and all the pain are one
You're (6) in the fire
Taste the love
The Lucifer's magic that makes you numb
You feel what it does and you're drunk on love
You're sleeping in the fire
I gaze at the (7) and fire burn
And cry out the (8) of which I yearn
[Chorus]
Taste the love
The Lucifer's (9) that makes you numb
The (10) and all the pain are one
You're sleeping in the fire
