## Sleeping In The Fire by Wasp

## Fill in the gaps

Touch, touch in the flame's desires
Feeling the pain's denial,
And your fingers in the fire
Look, (1) in the candle light
See in the flame of life
And my spell is our lie
[Chorus:]
Taste the love
The Lucifer's magic that makes you numb
The (2) and all the (3) are one
You're (4) in the fire
Taste the love
The Lucifer's magic that makes you numb
You feel what it does and you're drunk on love
You're sleeping in the fire
(5) at the flame and fire burn
And cry out the (6) of which I yearn
[Chorus]
Taste the love
The Lucifer's (7) that makes you numb
The passion and all the pain are one
You're (8) in the (9)
