

Fill in the gaps

Please understand	I'm empty with the need to
This isn't just goodbye	Curse my enemies forever
This is I can't stand you	Let's slit our wrists and burn down (6)
This is (1) the road (2) into	beautiful
the ocean	This desperation leaves me overjoyed
It rises all around me	With fading (7) that lead us past the lives
And now we're barely breathing	(8) we destroy
A thousand faces we'll choose to ignore	Curse my enemies forever
Curse my enemies forever	Let's slit our wrists and burn down something beautiful
Let's slit our wrists and burn down something beautiful	This desperation is leaving me overjoyed
This desperation leaves me overjoyed	With fading lights that lead us past the (9) that
With fading lights (3) lead us (4) the	we destroy
lives that we destroy	Please understand
I listen to you cry	Lay rotting where I fall
A cry for less attention	I'm dead from bad intentions
But both my (5) are tied	Suffocated and embalmed
And I'm pushed into the deep end	And now all our dreams are cashed in
I listen to you talk but talk is cheap	You swore you wouldn't lose then lost your brain
And my mouth is filled with blood	You make a sound that feels like pain
From trying not to speak	So please understand
So search for an excuse	This isn't just goodbye
And someone to believe you	This is I can't stand you
