| Dear, I fear we're (1)               | a problem |                  | I will end up lost in cor  | nfusion       |      |         |
|--------------------------------------|-----------|------------------|----------------------------|---------------|------|---------|
| You love me no longer, I know and    |           |                  | I don't care if you (11)   |               | care |         |
| Maybe there is nothing that I can do |           |                  | As (12) as you don't go    |               |      |         |
| To (2) you do                        |           |                  | So I cry, I (13) and I beg |               |      |         |
| Mama tells me I shouldn't bother     |           |                  | Love me, love me           |               |      |         |
| That I (3) to stick to another man   |           |                  | Say (14) you love me       |               |      |         |
| A man that (4) deserves me           |           | Fool me, fool me |                            |               |      |         |
| But I think you do!                  |           |                  | Go on and (15) me          |               |      |         |
| So I cry and I pray and I beg        |           |                  | Love me, (16) me           |               |      |         |
| Love me, love me                     |           |                  | Pretend (17) you love me   |               |      |         |
| Say that you love me                 |           |                  | Leave me, (18) me          |               |      |         |
| Fool me, fool me                     |           |                  | Just say (19) you need me  |               |      |         |
| Go on and fool me                    |           |                  | So I cry                   |               |      |         |
| Love me, love me                     |           |                  | And I beg for you to       |               |      |         |
| Pretend that you love me             |           |                  | Love me, love me           |               |      |         |
| Leave me, leave me                   |           |                  | Say that you (20)          | me            |      |         |
| Just say (5) you need me             |           |                  | Leave me, leave me         |               |      |         |
| So I cry                             |           |                  | Just say that you need me  |               |      |         |
| And I beg for you to                 |           |                  | I can't (21)               | about (22)    |      | but you |
| Love me, love me                     |           |                  | Anything but you           |               |      |         |
| Say that you love me                 |           |                  | Love me, love me           |               |      |         |
| Leave me, (6) me                     |           |                  | Say that you love me       |               |      |         |

| Spent my nights awake and I wonder   | •         |                  | I know (24)                | you need me   |      |         |
| What I could have (8) in (           | (9) v     | way              | I can't care about any     | thing but you |      |         |

| Reason will not lead to solution     |           |                  |                            |               |      |         |
