

All my islands have sunk

Fill in the gaps

opened my eyes last night	In the deep
And saw you in the low light	And I can hardly
Valking down by the bay	Relax or (6) oversleep
On the shore	When I feel warm (7) your hand
Staring up at the stars	In mine
That aren't (1) anymore	When we walk along the shoreline
was feeling the night	I guess we'll never know
Grow old	Why sparrows love the snow
And you were looking so cold	We'll turn out all of the lights
So like an introvert	And set this ballroom aglow
drew my over shirt	So tell me darling
Around my arms	Do you wish we'd fall in love?
And began to shiver (2) before	(Yeah) All the time
ou happened to look	All the time
And see	Time together isn't ever quite enough
The tunnels all around me	When you and I are alone
Running into the dark	I've never felt so at home
Jnderground	What will it take to make or break this hint of love?
All the subways around	Only time
Create a great sound	Only time
To my (3) fatigue	When we're apart what ever
Farewell	Are you (8) of?
Nith your ear to a seashell	If this is what I (9) home
ou can hear the waves	Why does it feel so alone?
n underwater caves	So tell me darling
As if you actually	Do you wish we'd fall in love?
Vere inside a saltwater room	All the time
Fime together isn't ever quite enough	All the time
When you and I are alone	Time together isn't ever quite enough
ve never felt so at home	When we're apart what ever
What will it take to (4) or	Are you thinking of?
Break (5) hint of love?	What will it take to make or break this hint of love?
Only time	So tell me darling
Only time	Do you wish we'd fall in love
Can you believe that the crew	All the time
Has gone	(Oh) All the time
And wouldn't let me sign on
