

## Fill in the gaps

| (Yean, yean, yean, yean)                         | Cause we are so (13) now      |
|--|-------------------------------|
| (Yeah, yeah, yeah, yeah)                         | We are so young, so young now |
| We are taking it (1) and bright and breezy, yeah | And when tommorow comes       |
| We are living it up (2) fine and dandy, yeah     | We can do it all again        |
| We are (3) in a (4) on                           | Yeah, we are so (14) now      |
| These lazy (5) days                              | We are so young, so young now |
| And (6) all of our nights                        | And when tommorow comes       |
| Just laughing, kissing, yeah                     | We'll just do it all again    |
| And it really doesn't matter                     | All again                     |
| That we don't eat                                | All again                     |
| And it really doesn't matter                     | (Yeah)                        |
| If we never sleep                                | All again                     |
| No it (7) doesn't matter                         | All again                     |
| Really doesn't matter at all                     | Yeah, yeah                    |
| 'Cause we are so (8) now                         | So (15) now                   |
| And we are so young, so young then               | We are so, so young now       |
| And when (9) comes                               | And (16) (17) comes           |
| We can do it all again                           | We'll just do it all again    |
| (Oh) We are chasing the (10) just running        | Yeah, we are so young now     |
| Wild and free                                    | We are so young, so young now |
| (Oh) We are following through                    | And (18) (19) comes           |
| Every (11) and every need                        | We'll just do it all again    |
| And it (12) doesn't matter                       | We are so young, yeah         |
| If we don't eat                                  | We are so young, yeah         |
| And it really doesn't matter                     | We are so young, yeah         |
| If we never sleep                                |                               |
| No it really doesn't matter                      |                               |
| Really doesn't matter at all                     |                               |
