Once upon a time	Sorry the frustration's got me (4) away
We swore not to say goodbye	And I just keep having one last thing to say
Something got a hold of us and we changed	And I just wanna hold you, touch you, feel you
Then you sat alone in pride	Be near you
And I sat at home and cried	I miss you, baby, baby, baby (baby, baby, baby)
How'd our fairy tale just end up this way	I'm tired of trying to (5) through
We went (1) for round till we knocked love out	But there's nothing I can do
We were laying in the ring not making a sound	Boy I can't wait to hate you
And if that's a metaphor of you and I	I can't (6) to hate you
Why is it so hard to say goodbye	Make you pain like I do
I can't wait to hate you	Still can't shake you off
Make you (2) like I do	I can't (7) to breakthrough
Still can't shake you off	These emotional changes
I can't wait to breakthrough	Seems (8) such a lost 'cause
These emotional changes	I can't wait to face you
Seems like such a lost cause	Break you down so low
I can't wait to face you	There's no place left to go
Break you down so low	I can't wait to (9) you, baby
There's no place left to go	I can't wait to h-a-t-e you
I can't wait to hate you	'Cause right now I need you
No need to call my phone	()
'Cause I changed my number today	
And matter fact, I think I'm (3) away (away)
