

When I kissed your face

Fill in the gaps

I remember your (1) feet	And whispered in your ear
Down the hallway	Come on baby (16) me
I (2) (3) little laugh	We're gonna fly away
Race cars on the kitchen floor	From here
Plastic dinosaurs	Out of this curtained room
I love you to the moon and back	And this hospital gray
I remember your blue eyes	We'll just disappear
Looking (4) mine	Come on (17) (18) me
Like we had our own secret club	We're gonna fly away
I remember you dancing	From here
Before bedtime	You were my best (19) years
Then jumping on me waking me up	And (20) if I'm standing in you closet
I can still feel you (5) my hand	Trying to talk to you
Little man	And what if I kept the hand-me-downs
And (6) the moment I knew	You won't grow into
You fought it (7) like an (8) guy	And (21) if I really thought some miracle
Remember I	Would see us through
Leaned in and whispered to you	But maybe the miracle was
Come on baby with me we're gonna fly away	Even getting one moment with you
From here	Come on baby with me
You (9) my best (10) years	We're gonna fly away
I (11) the drive home	From here
When the blind hope	Come on baby with me
Turned to (12) and	We're gonna fly away
(13) why	From here
Flowers pile up in the (14) way	You (22) my best four years
No one knows (15) to say	I (23) your bare feet
About a beautiful boy who died	Down the hallway
And it's about to be halloween	I (24) you to the moon and back
You could be anything	
You wanted if you were still here	
I remember the last day
