

Fill in the gaps

When you lose something	To try and hold her back
t's all that you want back	But it don't work like that
You (1) patiently	You just gotta watch it fly
But it don't work like that	Stand there on the side line
When you lose someone	Wanna swallow up (5) pride
The first thing that (2) through your head	Know it's gonna be alright
s if you run fast enough	Wishing (6) I (7) (8)
You just might catch up	eyes
But it don't work like that	With a kiss goodbye
You just gotta watch it fly	When you lose something
Stand there on the side line	It's all that you want back
Wanna swallow up (3) pride	You (9) gotta watch it fly
Know it's gonna be alright	Stand there on the side line
Wishing (4) I close your eyes	Wanna swallow up your pride
Nith a kiss goodbye	Know it's gonna be alright
Well the hardest part	Wishing I could close your eyes
Yeah, it hurts so bad	With a (10) goodbye
s when she spreads her wings	Like a kiss goodbye
But it'd be a selfish thing
