## SUB inglés

She's an actress (whoa)

## Fill in the gaps

## Better Than Revenge by Taylor Swift

| The (1) starts when it was hot                   | She's better known for the things that she does   |
|--|---|
| And it was summer and                            | On the mattress (whoa)                            |
| I had it all                                     | Soon she's gonna find                             |
| I had him right there where I wanted him         | Stealing other people's toys                      |
| She came along                                   | On the playground                                 |
| Got him alone                                    | Won't make you many friends                       |
| And let's hear the applause                      | She should keep in mind                           |
| She took him faster than you can say sabotage    | She should keep in mind                           |
| I never saw it coming                            | There is nothing I do better than revenge         |
| Wouldn't have suspected it                       | (Ha ha)   |
| I underestimated                                 | I'm just another thing                            |
| Just who I was dealing with                      | For you to roll your eyes at, honey               |
| She had to know                                  | You might have him                                |
| The pain was beating on me like a drum           | But haven't you heard?                            |
| She underestimated                               | I'm just another thing                            |
| Just who she was stealing from                   | For you to roll your eyes at, honey               |
| She's not a saint and she's not what you think   | You might have him                                |
| She's an actress (whoa)                          | But I always get the last word                    |
| She's better known for the things that she does  | (Whoa)  |
| On the mattress (whoa)                           |   |
| Soon she's gonna find                            | She's not a saint and she's not what you think    |
| Stealing other people's toys                     | She's an actress (whoa)                           |
| On the playground                                | She's better (7) for the things that she does     |
| Won't make you many friends                      | On the mattress (whoa)                            |
| She (2) keep in mind                             | Soon she's gonna find                             |
| She should keep in mind                          | Stealing other people's toys                      |
| There is nothing I do (3) than revenge           | On the playground                                 |
| (Revenge, ha)                                    | Won't make you many friends                       |
| She looks at life like it's a party              | She (8) keep in mind                              |
| And she's on the list                            | She should keep in mind                           |
| She looks at me like I'm a trend                 | There is nothing I do better than revenge         |
| And she's so over it                             | And do you (9) feel like                          |
| I think her ever present frown                   | You know what you're doing                        |
| Is a little troubling and                        | 'Cause I don't think you do                       |
| She thinks I'm psycho                            | (Oh)  |
| 'Cause I like to rhyme her name with things, but | Do you still feel like you know what you're doing |
| Sophistication isn't what you wear               | I don't think you do                              |
| Or who you know                                  | I don't think you do                              |
| Or pushing (4) down                              | Let's hear the applause                           |
| To get you where you wanna go                    | C'mon show me how much better you are             |
| Oh they didn't (5) you that in prep school       | See you deserve some applause                     |
| So it's up to me                                 | 'Cause you're so much better                      |
| But no amount of (6) dresses                     | She took him faster than you can say sabotage     |
| Gives you dignity                                |   |
| She's not a saint and she's not what you think   |   |
