## When The Wild Wind Blows by Iron Maiden

Have you heard what they said on the news today		He's getting tired that'll do for now
Have you heard what is (1)	to us all	They are preparing for the very worst to come to them
That the world as we know it		Getting ready when the wild wind blows
Will be coming to an end		He sees the picture on the wall it's falling down
Have you heard?		Upside down
Have you heard?		He sees a teardrop (4) his wife roll down her face
He sees them in the distance		Saying grace
Where the darkened clouds roll		Remember time they had
He can feel tension in the atmosphere		They flash right through his mind
He would look in the mirror		Left behind
See an old man now		Of a lifetime spent together long ago
Does it matter they survive somehow		Will be gone
They said there's nothing		They've been preparing for some weeks now
Can be done about the situation		For (5) the (6) moment comes
They say there's nothing we can do at all		To take their refuge in the shelter
To sit and wait around for (2)	to occur	Let them prepare for what (7) come
Did you know?		They make a tea and sit there waiting
Did you know?		They're in the shelter feeling snug
As he stares across the garden		Not long to wait for absolution
Looking at the mea dows		Don't make a fuss just sit and wait
Wonders if they'll ever grow again		Can't believe all the lying
The desperation of the situation getting grav	rer	All the screens are denying
Getting ready when the wild wind blows		That the moments of truth have begun
Have you seen what they said on the news today		Can't you see it on the T.V.
Have you heard what they said about us all		Don't believe them in the least bit
Do you know what is happening		Now the (8) of our ending have begun
To (3) everyone of us		Say a prayer when it's all over
Have you heard?		Survivors unite all as one
Have you heard?		Got to try and help each other
There will be a catastrophe that like we've n	ever seen	Got the (9) to overcome
There will be something that will light the sky	y	I can't believe all the lying
That the world as we know it		All the screens are denying
It will never be the same		That the moments of truth have begun
Did you know?		Can't you see it on the T.V.
Did you know?		Don't believe them in the least bit
He carries everything into the shelter not a fe	uss	Now the days of our ending have begun
Getting ready when the moment comes		When they found them
He has enough supplies to last them for a year or two		Had their arms wrapped around each other
Good to have because you never know		Their tins of poison laying nearby their clothes
They tell us nothing that we don't already know about		The day they both mistook an earthquake
They tell us nothing that is real at all		For the fall out
They only fill us with the stuff that they want		Just another when the wild wind blows
